## Registration for Our Local Supplier Database

As staff require goods and services (where these goods/services are not already under a Panel Arrangement), they will search our Local Supplier Database to identify who can provide a quote for the goods/services required.

This form is for information purposes only and will be viewed as an expression of interest and provides no guarantee of work. This will enable Council to maintain a formal record of your interest.

In our Procurement Policy a LOCAL SUPPLIER is defined as a business that:

- Is beneficially owned by persons who are residents or rate payers of the WDRC region or;
- Has its principal place of business within the WDRC region; or
- Otherwise has a place of business within the local government area of WDRC which solely or primarily employs persons who are residents or rate payers to service the needs of the region.
